#### ABOUT

## KHUSHBOO MOVVA, MD

Dr. Movva became an internal medicine physician to help people become healthy and lead a higher quality of life. While employed in the traditional system, she learned her values and patient-first mindset did not align with the system. She took matters into her own hands and started an innovative membership-based practice, Innova Internal Medicine.

### Freedom from the system:

Direct access to the provider by text, email, video and phone

On-time appointments with no crowded waiting rooms

Know the price before my pay and no hidden costs

### Exceptional care:

Unrushed, all-the-time-you-need appointments

Care when and where you need it

Enhanced Telehealth for more care from home
